Advisory #29
Gallatin County Vaccine Alert Sign Ups

You can now get text or email notifications for vaccine updates from the Gallatin City-County Health Department. This is not an appointment registry. They will notify you when updates available for your phase.

Go to the [Healthy Gallatin page](#) to sign up for your alert.

Help spread the word about this service with the [flyer](#) provided to post within your organizations.

Currently, the county is transitioning to Phase 1B while still accepting members of Phase 1A for vaccinations. For Phase 1B, residents over the age of 80 as well as American Indians and people of color, are asked to [fill out this form](#) to be notified when there are available doses.

The VA conducted a vaccine clinic at the fairgrounds today with an allocation of 200 doses. They were calling eligible patients yesterday to sign up for appointments today. I was able to see this in action taking an 84-year-old veteran neighbor in for his first shot. It appeared they were enjoying a good turnout.
